President Ronald Mason  
Southern University System  
Office of the President  
J.S. Clark Administration Bldg.  
Baton Rouge, Louisiana 70813

Dear President Mason:

I am requesting the information below to be placed on the Board of Supervisors Facilities Committee Agenda, for your approval and the approval of the Southern University Board of Supervisors.

Two Small Capital Projects:

**1. Southern University Baton Rouge Amphitheater**

This is an open air forum and outdoor classroom that will be located on the Mississippi Bluff overlooking the Mississippi River. The project is dedicated to stimulating student academics on Southern Baton Rouge Campus. This will be the first outdoor lecturing facility on the Southern University Campus. The plan is to design and build an Amphitheater where students may hold open forums, meetings, debates, presentations and entertainment. It can also be used by faculty for lectures. The design of the Facility will begin this fiscal year, followed by the construction.

**Proposed budget for the Amphitheater is \$400,000.00**

**2. Hayden Hall Renovations Baton Rouge Campus**

Major renovations are required to update Hayden Hall with a new facelift and interior repairs that are necessary to make the facility ADA compliant. This will ensure access to all students, faculty, staff and visitors especially those with disabilities. The new façade and plaza that are a part of this project will aesthetically enhance the Hayden Hall facility and improve the overall student and physical environment at Southern University.

**Proposed budget for the Hayden Hall Renovations is \$450,000.00**
